SHADIN AVIONICS ESTABLISHES SUCCESSFUL
INTERNATIONAL DISTRIBUTION AGREEMENT

St. Louis Park, MN – July 19, 2006 – Shadin Avionics has chosen DAC International to handle distribution of their Fuel Flow Systems, Air Data Computers (ADC), Engine Trend Monitors (ETM), Altitude Management and Converter products internationally.

The agreement was formally initiated earlier this year, but has been refined since and seeks to make quality Shadin Avionics components available to hard to reach international markets by supplying Shadin’s growing dealer network.

The move comes as the next installment of completely new business philosophies for Shadin, who had successfully assembled a dynamic management team in order to lead the company into the future, while improving products, support and distribution for their valued customers.

“DAC’s experience in international avionics distribution, their professionalism and attention to detail has proven to be an asset to Shadin. They are exactly the type of company that Shadin will align itself with as we move into the future in order to address the needs of an ever expanding market,” said Robert Randall, Executive Director of Sales and Marketing, Shadin Avionics.

DAC International has been in distribution and sales of avionics components, systems and test equipment to commercial and corporate modification centers, OEMs and military markets since 1981. For more information on DAC International or any of their services, please call Russ Mullins, Sales Manager at 512-331-5323 or visit www.dacint.com.

Shadin Avionics will continue to be distributed in the continental United States through EDMO.

Since 1978, Shadin Avionics Inc. has specialized in the design, manufacture, support and distribution of Fuel Flow Systems, Engine Trend Monitoring (ETM), Altitude Management Systems, Air Data Computers (ADC), Converters and other instrumentation for turbine, piston and rotor aircraft for the military, general and corporate aviation markets. For more information, please contact Jen Marts at 952-927-6500 or visit www.shadin.com.
